PROFILE SUMMARY

I am a motivated 6th-semester Computer Science student proficient in Python, Java, C++, and advanced database management. Skilled in data cleaning, model training, and machine learning, I have practical experience training AI models to recognize object types through images using ML Models. With a strong foundation in programming, problem-solving, and algorithm design, I write clean, efficient code and develop innovative solutions. I am seeking a summer internship to gain professional experience and apply my technical expertise in a real-world environment.

EDUCATION

Bachelor's in Computer science (6th Semester)

Arid Agriculture University Rawalpindi

Intermediate in Computer Science ICS

Superior College Mianwali

Matric in Computer Science

Model High School Iskanderabad, Mianwali

RELEVANT COURSEWORK

Strategic Management | Financial Analysis and Reporting | Operations Management | Marketing Strategy | Organizational Behavior | Business Ethics and Corporate Social Responsibility

PROFESSIONAL EXPERIENCE

Freasher

SKILLS

C++ | Python | Java | HTML | MySQL | Data Modeling | Computer Structure | Project Management
Video Editing | Freelancing | DSA | DLD | Information Security | Basic Software Development

PROJECT EXPERIENCE

- Cafeteria Management System in Java
